The foundation of many state- and territory-wide sexual assault coalitions is their membership. As coalitions grow and respond to emerging issues in the field, so too does the membership structures of coalitions. Our membership helps us create a network and involves more people in leadership of the coalition and state / territory anti-sexual assault movement.

The following is a round-up of coalition membership and dues structures from sexual assault coalitions across the country. This is not an exhaustive list. Many coalitions have this information available on their websites and the related pages are linked in. Reach out to your regional TA provider for sample membership applications, grids, and further information.

Agency memberships are designed for an entire agency or office/department within an agency that will be accessing CCASA resources and services for their staff, volunteers, and clients. In addition to the general member benefits, agency members may access bulk bundles of 50 CCASA publications for distribution to their clients. Their staff members and volunteers may also attend CCASA events at low or no cost. Agency members are encouraged to participate in CCASA committees and ensure that their agencies have a voice on the state level.

Individual memberships are designed for community members and other interested individuals who want to be involved with statewide efforts and access general member benefits. A limited number of CCASA publications are permitted to individual members at no cost and no or low-cost entrance to events is limited to that single member. Individual memberships are not encouraged if you plan to

access CCASA publications and events for, or on behalf of, your agency or clients. Individual members are also encouraged to participate in CCASA committees and have a voice on the state level.

Focus areas of Membership:

- Community Building/Networking- CCASA holds an annual statewide meeting, biannual regional meetings, monthly webinars, local and web-based meetings upon request, networking events, and other opportunities for members and allies to come together. The various events hosted by CCASA are available to members at no or discounted cost and provide the opportunity to collaborate, share resources, and learn strategies for working together as a collective voice for ending sexual violence in Colorado.
- Public Policy- CCASA addresses public policy issues which affect survivors of sexual assault on both the state and national level. Coalition representatives provide testimony and educate lawmakers concerning sexual violence in Colorado. Members are encouraged to participate in CCASA's Public Policy Committee in order to discuss and prioritize current sexual assault policy issues.
- Training- CCASA provides training, education, and technical/staff support on a variety of topics to members, at no or discounted cost. We design new trainings on an ongoing basis in order to meet members' needs; offer web-based training opportunities to save time and resources; work closely with other organizations and agencies in Colorado, as well as statewide coalitions in other states, to bring their experience and expertise to you; and seek to create a speakers bureau of experts in specific fields, or with particular knowledge, relevant to sexual assault services and prevention programming.
- Publications- CCASA members receive a limited number of free copies of CCASA publications in English and/or Spanish (Toward Healing and Justice: A handbook for survivors of sexual assault; About Sexual Assault; and What Happened?: Drug-Facilitated Sexual Assault). Click here for a full listing of publications. Members are also encouraged to submit their organization's news, events, job openings, and updates to be included on our website listings.

[Kansas Coalition Against Sexual & Domestic Violence](#)

All member programs pay \$1,000 annually for dues.

Member Program Support: KCSDV provides assistance, support, and accreditation for its member programs. These programs provide support services to survivors of domestic violence, dating violence, sexual assault and stalking. They serve all 105 counties in Kansas. KCSDV's program support includes:

- Providing basic domestic violence and sexual assault training for direct service advocates working in crisis centers, including basic and advanced Domestic Violence Advocacy Courses, and Sexual Assault Advocacy Courses;
- Providing skill enhancement training for advocates and other professionals in order to improve services and effective responses to victims;
- Assisting these programs with development of advocacy services, including board development, resource development, and expansion of services;
- Assisting programs with data collection efforts to better track the prevalence and services to victims of sexual and domestic violence, stalking & dating violence; and
- Accrediting domestic violence and sexual assault programs through a peer review process and through development of core services standards.

*We do not have a membership structure outside of accredited programs though we have had in the past. When we started fundraising efforts for the coalition, our membership structure for non-service providers merged with our donors. Now, outside of the accredited member programs, basically, if you give \$\$ to KCSDV, you are treated as a donor, not a member.

[Kentucky Association of Sexual Assault Programs](#)

Our membership is simple. We are comprised of Kentucky's 13 designated rape crisis centers. Per state legislation, we have designated rape crisis centers for our area development districts. Each of those

centers chooses a person to serve on the KASAP board. Usually the board member is the ED of the program. The board votes on the membership “dues” amounts. I believe it is currently about \$1500/year. Those funds support anything our grants won’t cover.

Benefits – the KASAP staff provide technical assistance and support to all programs as needed. As a pass-through agency, we provide programmatic and financial monitoring. We provide support, guidance, training, etc. to help programs maintain regulatory and contract compliance and to support continuous quality improvement. We find or develop resources as the programs need and facilitate their sharing resources with one another. We also develop and host an annual conference that provides workshops on issues specific to programmatic staff needs.

We thank them for their continued partnership. *Dues specified by invoice.

[Jane Doe Inc.](#)

Membership Criteria and Benefits:

Member Organizations are non-profits that further the mission of Jane Doe Inc. by providing services to or on behalf of survivors of domestic violence and/or sexual assault. These services are free, confidential, and available to all survivors regardless of age, race, gender, gender identity, religion, sexual orientation, physical ability, or financial status.

CRITERIA: The criteria for membership has been determined by the member organizations themselves in conjunction with Jane Doe Inc.'s Board of Directors. There are two levels of membership and applying is a process; all members agree to support a set of core values that guide our collective work.

Core Members provide comprehensive services and meet one or more of the following criteria:

1. Emergency shelter with 90-day stay or safe homes with a minimum of 3-day stay.
2. Programs for victims of domestic violence with 24-hour accessibility.
3. Rape crisis centers that provide a range of services such as a 24-hour hotline, counseling, medical advocacy, legal advocacy, and prevention education.
4. Transitional living programs that provide residential services specifically designed for victims of domestic violence.

Core members must also sign and support the principles of unity which address the mission and core values of Jane Doe Inc. They must also agree to support a unified budget strategy for public funding at the state and national level.

General Members provide intervention or prevention services, but do not meet the criteria for Core Members. They include prevention programs, hospital and school-based programs, batterer's intervention programs, faith-based and other special focus programs, and others.

MEMBERSHIP BENEFITS: While specific benefits vary based on core and general membership status, as a member of the Coalition, organizations gain strength from one another and magnify their power as a whole. JDI members receive an array of resources and services by being part of a statewide organization including:

- State and national public policy and budget advocacy that is responsive and designed to protect and further the interests of survivors of sexual assault and domestic violence;
- Representation on numerous commissions, collaborative projects, and task forces;
- Access to conferences and workshops offered by the JDI Training Institute that focus on capacity building, skills development, and cutting edge issues;
- Individualized technical assistance and specialized training;
- Participation in membership working groups and advisory boards;
- Participation in caucuses designed to foster leadership and create networking opportunities, especially among women of color and staff who identify as LGBTQ/T;
- Access to educational materials including curricula, training materials, and videos;

- Engagement in the development of public awareness campaigns and access to diverse public awareness resources;
- Opportunities for statewide and national networking designed to assist members in meeting the needs of their communities, disseminate best practice models, network and promote collaborations.

[Montana Coalition Against Domestic & Sexual Violence](#)

Since its inception, a key portion of the MCADSV mission has been to support the efforts of our members to offer professional, appropriate assistance to victims and survivors of domestic and sexual violence in their community. To that end, we provide our members with regular technical assistance, training, and opportunity to network with one another and share best practices. Below are some of the specifics:

- We provide information to our members that include information about trainings/conferences, grants/funding, articles of interest, best practices, etc.
- We offer specialized trainings to our members in their communities.
- We host networking opportunities through membership meetings and an annual conference.
- We also provide technical assistance to members via the phone or e-mail, conducting research for them, or providing them with training/advocacy materials that we've developed or that have been developed elsewhere and purchased by MCADSV.

Organizational Membership - \$250

Open to domestic and sexual violence programs, victim witness programs and other nonprofit or public organizations with an interest in addressing domestic or sexual violence.

Individual Membership - \$50

Open to staff, volunteers, board members of domestic and sexual violence programs, victim witness programs, other nonprofit or public organizations with an interest in addressing domestic or sexual violence.

[Nevada Network Against Domestic Violence](#)

Program Membership: for programs whose primary services are for victims of domestic violence (click here for a list of our current Program Members). One of NNADV's main purposes is to support direct-service programs across the state. Our program members have access to all of NNADV's resources, including, grant funding and project support, telephone interpreting services, our program member intranet, technical assistance and training, educational materials, and resources library, as well as all other member benefits. We work with our program members to ensure our annual dues do not prevent them from benefiting from NNADV's support and services.

Program Membership: Typically, dues for our program members are either 4% of their state domestic violence fund grant or 2% of their domestic violence budget.

Organizational Membership: non-voting organizations that provide domestic violence assistance, though not necessarily direct assistance, in their communities. This type of membership is meant for organizations whose primary services may not be only for victims of domestic violence. These organizations may work with victims or their families (for example, law enforcement organizations) or may simply support the goals and philosophy of NNADV. Our organization members have limited access to technical assistance and training support from NNADV staff. They also have access to regional trainings, our quarterly newsletters, and all of our educational materials and resource library. We encourage representatives from Organizational Members to participate on the NNADV Board or Board Committees.

Dues for organization members are \$200 annually.

Individual Membership: for those in communities throughout Nevada who support the goals and philosophy of NNADV. These members have access to our educational resources, resource library, newsletter and regional trainings. They may also participate on the NNADV Board or Board Committees.

Dues for individual members are \$35 annually or \$10 annually for seniors or students.

New Hampshire Coalition Against Domestic & Sexual Violence

The New Hampshire Coalition Against Domestic and Sexual Violence (NHCADSV) seeks to create safe and just communities through advocacy, prevention and empowerment of anyone affected by sexual violence, domestic violence and stalking. In order to accomplish this mission, the NHCADSV has member programs who are dedicated to providing services to victims (both primary and secondary) and to the community at large. The NHCADSV's board of directors, staff and member programs work together to influence public policy on the local, state and national levels; ensure that quality services are provided to victims; promote the accountability of societal systems and communities for their responses to sexual violence, domestic violence and stalking; and work to prevent violence and abuse before they occur. The membership process has been developed to assure that member programs within the NHCADSV provide a consistent standard of service that is unduplicated within their community. This process also assures that funding that is received for services from federal, state, and other resources is fairly allocated to programs that are providing these services to their communities. These funds are not allocated to programs unless they are full members of the NHCADSV.

Membership Requirements

A. To be eligible for consideration for membership, the applicant must:

- 1) be a private, not-for-profit, non-governmental 501(c)(3) organization that meets the criteria set forth in the New Hampshire Nonprofit Checklist (available in the New Hampshire Center for Nonprofits' online resource center – <http://www.nhnonprofits.org/content/nh-nonprofit-checklist>), or be a program of such

an organization (member programs funded by the NHCADSV prior to the adoption of this policy are exempt from this requirement);

- 2) have a mission describing the provision of domestic and sexual violence and stalking services; and
- 3) currently meet the requirements of the NHCADSV Program Standards for delivering services or have a reasonable plan with a timeline for how these requirements will be met.

B. If the applicant is located in the catchment/geographic service region of an existing member program, the applicant must also establish that acceptance of the applicant will not result in any duplication of services within the geographical area in which it is providing services. This requirement may be waived if the NHCADSV determines that an underserved population will be better served by an organization with special programming in that geographical area; the applicant must present a strong case for its ability to meet the underserved population's needs. Member programs funded by the NHCADSV prior to the adoption of this policy are exempt from this requirement.

Benefits of Membership The benefits of membership include, but are not limited to:

- allocation and monitoring of federal, state, and other funds for victim services;
- statewide awareness raising;
- ongoing technical assistance and support;
- specialized training and resources;
- shared learning and peer support;
- dissemination of best practices and current resources; and
- statewide collaboration with allied organizations including legal assistance organizations, child protective services, child advocacy centers and others.

In addition, member programs have the benefit of the NHCADSV's advocacy on the state and national level, including but not limited to:

- working with the state government to create and defend effective laws and policies to support victims;
- providing leadership in national organizations to promote funding, laws and policies to benefit victims; and
- participating on statewide boards and commissions to advocate for effective responses to victims.

Member programs also receive a seat on the Participating Member Council.

Dues are \$1,000.

Our membership program for individuals is called the Vanguard Network. The Vanguard Network is designed for community members and other interested individuals who want to be engaged in our statewide efforts and access general member benefits. All of our publications and lending library materials are permitted to individual members at no or low-cost. Individual memberships are encouraged even if you plan to access our publications and events for, or on behalf of, your agency or clients because an individual membership allows us to maintain a statewide presence and reflect the needs and values of our membership. Individual memberships are also required to participate in our committees and serve on the Board of Directors. Becoming a member of UCASA means you're joining the local movement to end sexual violence. Our members include community leaders with a wide range of interests, backgrounds, and experience working to combat sexual violence-related issues.

As a statewide coalition, we support local organizations through technical assistance, training, information and referrals, educational materials, news updates, and public policy advocacy. We also provide opportunities to build bridges between those who work directly with survivors and community allies in order to strengthen the collective voice for eliminating sexual violence in our communities. Your membership in UCASA powers our ability to advance public policies to combat sexual assault and is a great way to take part in professional development and networking opportunities for those working to eliminate sexual violence.

In addition to joining a network of great individuals and networking opportunities members of the Vanguard Network are entitled to the following benefits:

- Complimentary ticket to the annual Fearless 5K.
- Free or discounted admission to professional development and other selected events.
- Early bird, discounted or free registration for UCASA hosted conferences, training, and webinars.
- The Vanguard, our regular newsletter.
- Free Continuing Education Credits (where applicable) for webinars and in-person training.

- Free UCASA materials and discounted or free shipping.
- Access to archived webinars and other members-only content.
- Email updates on current legislation and other issues affecting sexual assault survivors Input into statewide decision-making through regional meetings and annual membership meetings.
- Eligibility to serve on the UCASA Board of Directors and committees.

[Wisconsin Coalition Against Sexual Assault](#)

WCASA is a membership agency comprised of organizations and individuals working to end sexual assault in Wisconsin. WCASA is made up of its staff, board and 56 sexual assault service provider agencies.

In 2016, WCASA members voted to shift to a hybrid community membership organization. This change simplified membership to only include sexual assault service providers (SASPs) and removed the Ally, Affiliate Individual and Affiliate Organizations as members. We believe this change will allow us to provide better service to SASPs and begin building a movement, rather than a membership based organization. Movements promote equity and change for all. It is going to take a movement to end sexual violence.

SASPs provide all of the WCASA core services. SASP membership comes with the following benefits:

- Reduced rates at conferences and scholarship opportunities
- Access to technical assistance and training opportunities
- The opportunity to serve on state-wide board committees
- Legislative updates and policy alerts
- Access to WCASA's resource center, containing books, videos, journals, and manuals on all aspects of sexual assault prevention, intervention, and service provision
